ADVISORY NO. 59
Series of 2026

NETWORK MAINTENANCE IN DMW CENTRAL OFFICE

In the interest of service and as part of our ongoing efforts to improve network performance, and online services delivery, the DMW-Management Information Technology Service (DMW-MITS) will conduct a scheduled network maintenance on 17 October 2026 (Saturday) at 12:00 AM to 5:00 AM, at the DMW Building, Central Office, Blas Ople Building, EDSA corner Ortigas Ave., Mandaluyong City.

During this period, end-users may expect temporary loss of access to internet and internal network services, and delays in accessing cloud-based applications and shared drives.

To minimize potential impact on your operations, we kindly request that you plan ahead by completing any critical transactions, submissions, or data updates before the maintenance schedule. Estimated downtime is five (5) hours, with services expected to resume immediately after completion.

For guidance.
