

BANGKO SENTRAL NG PILIPINAS

OFFICE OF THE DEPUTY GOVERNOR | FINANCIAL SUPERVISION SECTOR

CIRCULAR LETTER NO. CL-2022-072

To : All BSP-Supervised Financial Institutions (BSFIs)

Subject : Financial Action Task Force (FATF) Publications on High-Risk and Other Monitored Jurisdictions – October 2022

This is to inform all BSFIs of the updated statements of the FATF issued on 21 October 2022¹ on high-risk jurisdictions subject to a call for action² and jurisdictions under increased monitoring³:

1. High Risk Jurisdictions subject to a Call for Action –

- **Jurisdictions subject to a FATF call on its members and other jurisdictions to apply countermeasures**

Democratic People's Republic of Korea (DPRK) and Iran (unchanged since February 2020)

BSFIs should refer to the FATF statement on these jurisdictions adopted on 21 February 2020⁴, which was previously disseminated by the BSP thru various circular letters (CLs), the latest of which was CL-2022-054. While the statement may not necessarily reflect the most recent status of Iran and the DPRK's anti-money laundering/countering terrorist financing (AML/CFT) regimes, the FATF's call to apply countermeasures⁵ on these high-risk jurisdictions remains in effect.

In addition, BSFIs should take necessary actions (such as immediate freezing and filing of returns) required under relevant issuances⁶ on TFS in case of funds or property, including related accounts, of the designated persons and entities referred to in all applicable United Nations Security Council (UNSC) and AMLC Resolutions.

- **Jurisdiction subject to a FATF call on its members and other jurisdictions to apply enhanced due diligence measures proportionate to the risks arising from the jurisdiction**

Myanmar

Given the continued lack of progress and the majority of its action items still not addressed after a year beyond the action plan deadline⁷, the FATF decided that further action was necessary in line with its procedures and FATF calls on its members and

⁵ The Interpretative Note to Recommendation 19 specifies examples of the countermeasures that could be undertaken by countries.

⁶ Such as the AMLC 2021 Sanctions Guidelines dated 03 March 2021 and other issuances to implement the TFS against individuals and entities listed in relevant UNSCR, those designated by the Anti-Terrorism Council, and proscribed by the Court of Appeals.

⁷ Myanmar's action plan expired in September 2021. In June 2022, the FATF strongly urged Myanmar to swiftly complete its action plan by October 2022 or the FATF would call on its members and urge all jurisdictions to apply enhanced due diligence to business relations and transactions with Myanmar.

other jurisdictions to apply enhanced due diligence (EDD) measures proportionate to the risk arising from Myanmar. When applying EDD measures, countries should ensure that flow of funds for humanitarian assistance, legitimate non-profit organization activity and remittances are not disrupted.

2. **Jurisdictions under Increased Monitoring** – The FATF has issued an updated list of jurisdictions under increased monitoring. These countries are actively working with the FATF and have committed to resolve swiftly the identified strategic deficiencies in their regimes to counter money laundering, terrorist financing, and proliferation financing within agreed timelines.

The FATF does not call for the application of EDD measures on these jurisdictions but encourages its members and all jurisdictions to take into account the information presented in their risk analysis.

Copies of the aforementioned FATF statements may be viewed and downloaded from the FATF website. BSFIs are likewise directed to regularly refer to the FATF's website (www.fatf-gafi.org) for the latest statements on high risk and other monitored jurisdictions and consider the same in their risk analysis and mitigation strategies.

For guidance and strict compliance.
