**DECISION**

Before Us for consideration is a Petition for Review filed by the Petitioner on October 20, 1997, seeking for a refund of the amount of TWO MILLION FOUR HUNDRED THIRTY SEVEN THOUSAND EIGHT HUNDRED SIX AND 16/100 PESOS (PhP2,437,806.16) representing alleged unutilized input taxes paid by the Petitioner on its local purchases of goods and services directly attributable to its zero-rated sales for the period July 1, 1995 to December 31, 1995.

The antecedent facts of the case giving rise to the controversy at bar are as follows:

Petitioner is a domestic corporation organized and existing under and by virtue of the laws of the Republic of the Philippines. It is a VAT-registered entity (Exhs. A & C) engaged primarily in the business of manufacturing, exporting, buying and selling at wholesale of speakers, assemblies, microphones, headphones and other electronic goods of similar nature. Petitioner is also registered with the Export Processing Zone Authority ("EPZA") having been issued EPZA Certificate of Registration No. 92-024.

Records reveal that on October 20, 1995 and January 22, 1996, Petitioner filed with the Bureau of Internal Revenue its VAT returns for the third and fourth quarters of 1995, respectively, reporting a total amount of zero-rated export sales of P379,350,941.94 and total input tax payments of P2,437,806.16 on local purchases directly attributable to said sales broken down as follows:

As a VAT-registered entity and with export sales that were paid for in acceptable foreign currency inwardly remitted to the Philippines and accounted for in accordance with existing regulations of the Bangko Sentral ng Pilipinas (BSP), Petitioner contends that the said export sales are not subject to 10% value added tax but are subject to 0% pursuant to Section 100(a)(2)(A) of the 1995 National Internal Revenue Code.

For having erroneously paid the aforesaid VAT input taxes, and having no VAT output tax liability during the period July 1, 1995 to December 31, 1995 and in any succeeding quarter, Petitioner claims that it is entitled to refund pursuant to Section 4.102-2 of Revenue Regulations No. 7-95 and Section 106(b) of the NIRC which reads, thus:

**“Section 4.100-2. Zero-rated sales.** A zero-rated sale by a VAT registered person, which is a taxable transaction for VAT purposes, shall not

result in any output tax. However, the input tax on his purchases of goods, properties or services related to such zero-rated sale shall be available as a tax credit or refund in accordance with these regulations.” (Rev. Reg. 7-95)

**“Section 106. Refunds or tax credits of creditable input tax. – (a)** Any VAT-registered person, whose sales are zero-rated or effectively zero-rated, may, within two (2) years after the close of the taxable quarter when the sales were made, apply for the issuance of a tax credit certificate or refund of creditable input tax due or paid attributable to such sales, except transitional input tax, to the extent that such input tax has not been applied against output tax: *Provided, however,* That in the case of zero-rated sales under Section 100(a)(2)(A)(i),(ii) and (b) and Section 102(b)(1) and (2), the acceptable foreign currency exchange proceeds thereof had been duly accounted for in accordance with the regulations of the Bangko Sentral ng Pilipinas (BSP): *Provided, further,* That where the taxpayer is engaged in zero-rated or effectively zero-rated sale and also in taxable or exempt sale of goods or properties or services, and the amount of creditable input tax due or paid cannot be directly and entirely attributed to any one of the transactions, it shall be allocated proportionately on the basis of the volume of sales.”

Consequently, on October 17, 1997, Petitioner filed with the Bureau of Internal Revenue an administrative claim for refund of its unutilized input VAT payments attributable to its zero-rated sales for the period July 1 to December 31, 1995 amounting to P2,437,806.16 (Exhibit “J”).

There being no affirmative response from the Respondent, and the two-year prescriptive period about to lapse, Petitioner elevated its grievance to this Court on October 20, 1997.

In his Answer to the Petition for Review, Respondent interposed the following Special and Affirmative Defenses, to wit:

3. Petitioner’s right to claim refund has partially, if not totally, prescribed;

4. Petitioner's claim for refund is still pending administrative investigation and evaluation;

5. Taxes paid and collected are presumed to have been in accordance with law and regulations and hence, not refundable;

6. In an action for tax refund, the burden of proof is on the taxpayer to establish its right to refund and failure to sustain the burden is fatal to the corresponding action;

7. Claims for refund are strictly construed against claimants since they partake of the nature of an exemption from taxation.

The issue in this case is whether or not Petitioner was able to substantially prove its entitlement to a refund.

The Court, after a thorough evaluation and painstaking scrutiny of the records of this case, conformably with existing laws and jurisprudence on the matter, is of the position, that the claim for refund must be granted.

A perusal of all the evidence presented reveals that petitioner has complied with all the requirements for zero rating of its sales set forth under Section 100(a)(2) of the Tax Code which provides, thus:

**Section 100. Value-added tax on sale of goods or properties.** - (a) *Rate and base of tax.* - There shall be levied, assessed and collected on every sale, barter or exchange of goods or properties, a value-added tax equivalent to 10% of the gross selling price or gross value in money of the goods or properties sold, bartered or exchanged, such tax to be paid by the seller or transferor.

(2) The following sales by VAT-registered persons shall be subject to 0%:

(A) **Export sales.** - The term 'export sales' means:

(i) The sale and actual shipment of goods from the Philippines to a foreign country, irrespective of any

shipping arrangement that may be agreed upon which may influence or determine the transfer of ownership of the goods so exported and paid for in acceptable foreign currency or its equivalent in goods or services, and accounted for in accordance with the rules and regulations of the Bangko Sentral ng Pilipinas (BSP).

In the course of the proceeding, Petitioner was able to prove that it is a VAT-registered entity having been issued Value-Added Tax Registration Certificate No. 001-504-637-V (Exh. C). As shown by its Summary Export Sales, export invoices, airway bills, bills of lading and RCBC credit memos (Exhs. P, Q, S to S-1775, inclusive) covering the period July 1 to December 31, 1995, the period covered by this petition, there is no squabble that the Petitioner actually made export sales in the amount of P378,802,543.04 which were paid for in acceptable foreign currency inwardly remitted and accounted for in accordance with Bangko Sentral ng Pilipinas regulations. Although Petitioner's total reported zero-rated export sales of P379,350,941.94 in its 1995 third and fourth quarterly VAT returns was over by P548,398.90 as against its actual export sales of P378,802,543.04, it does not alter the fact that its sales are zero-rated.

However, Petitioner was only able to overcome the burden of proof of excess input VAT in the amount of P1,676,017.24 as this is the amount ascertained and verified by the Court to be the correct refundable amount to the petitioner, properly substantiated and supported by documents in accordance with the existing VAT law.

After verification and examination of the accuracy of Petitioner's claim for refund, Punongbayan and Araullo certified in its report that the total amount of P682,198.26 was not supported by Petitioner's supplier's invoices/official receipts, thus must be disallowed:

Likewise, in addition to the aforementioned disallowance, this Court finds the amount of P79,590.66 as not properly substantiated for not complying with the invoicing requirements and the prescriptive period, broken down as follows:

| <u>Reason for the Disallowance</u>                                                               | <u>Amount</u>      |

| 7.) Invoice/Official Receipt without TIN                                                         | 43.18              |

As earlier adverted to, We are persuaded to extend the relief sought by Petitioner but only up to the amount of P1,676,017.24 after considering the above findings and the fact that the said excess input tax was never applied against any output tax liability of the

Petitioner for the third and fourth quarters of 1995 and even in the succeeding quarters as evidenced by its quarterly VAT returns (Exhs. D, E & T to W, inclusive), computed as follows:

|                                                                                                                                                                                                               |   |            |                      |
