D E C I S I O N

This is a claim for the issuance of a Tax Credit Certificate in the amount of P1,885,695.78, representing input taxes paid on domestic purchases of goods and services from the period December 1, 1991 up to February 29, 1992.

The facts are simple. Petitioner is a domestic corporation duly registered with the Board of Investment (BOI) as pioneer enterprise. Petitioner is primarily engaged in the business of designing, developing, manufacturing and exporting advanced and large-scale integrated circuit components also known as "VLSI" components or "IC's". It is a VAT registered enterprise having been issued by the Bureau of Internal Revenue (BIR) VAT Registration Certificate No. 32A-3-002649, effective January 1,

1988 (Exh. F). Being a VAT registered enterprise and a BOI export producer, petitioner was able to acquire a certification from the BIR, VAT Ruling No. 102(a)(1)-402-88, stating that its service income is automatically zero-rated (Exh. I).

From the period December 1, 1991 to February 29, 1992, petitioner has an export sales of P185,003,729.55. This amount was received in acceptable foreign currency and the same was inwardly remitted in accordance with Central Bank regulations. Petitioner's export sales are therefore subject to the zero-rated value added tax (VAT). For the same period, petitioner paid input taxes on its domestic purchases of goods and services in the amount of P3,241,091.99. A VAT Return for the period December 1991 to February 1992 was filed with the BIR on March 20, 1992 (Exh. G). On June 22, 1992, petitioner filed an Amended VAT Return covering the same period showing the amount of P3,241,091.99 as input taxes paid on domestic purchases of goods and services (Exh. G-1).

On September 9, 1992, petitioner filed with the Department of Finance, One-Stop-Shop Inter-Agency Tax Credit and Duty Drawback Center a Claimant's Information Sheet No. 0210 (Exh. H), attaching therewith an Application for Tax Credit/Refund of VAT Paid on domestic purchases from December 1991 to February 1992, in the amount of P3,076,376.57 (Exh. H-1). The application for tax credit in the amount of P3,076,376.57 represents the input taxes not applied from any output VAT.

On November 6, 1992, the amount of P1,190,680.79 was awarded by the BIR in favor of petitioner under Tax Credit Certificate No. SN 002058 (Exh. J).

On November 17, 1993, petitioner filed with the respondent a claim for tax credit with respect to the remaining balance of P1,885,695.78 or P3,076,376.57 less P1,190,680.79 (Exh. K). Thereafter, on November 29, 1993, petitioner filed a petition with this Court to recover by way of a tax credit the balance of P1,885,695.78.

Respondent contended that the issuance of Tax Credit Certificate No. SN 002058 in the amount of P1,190,680.79 completely satisfied petitioner's claim or application for tax credit of P3,076,376.57. Thus in effect, respondent has disallowed the claim for tax credit amounting to P1,885,695.78.

The issue to be resolved is whether or not petitioner is entitled to claim for the issuance of a Tax Credit Certificate in the amount of P1,885,695.78, representing the balance of unapplied input taxes paid on its domestic purchases of goods and services for the period December 1, 1991 to February 29, 1992, which allegedly remains to be refundable.

Section 100 of the National Internal Revenue Code (NIRC) provides for a zero-rated VAT on the export sales of a VAT-registered person. "Export Sales" has been defined as "the sale and shipment or exportation of goods from the Philippines to a foreign country, irrespective of any shipping arrangement that may be agreed upon which may influence or determine the transfer of ownership of the goods so exported, or foreign

currency denominated sales. "Foreign currency denominated sales", on the other hand means "sales to non-residents of goods assembled or manufactured in the Philippines, for delivery to residents in the Philippines and paid for in convertible foreign currency remitted through the banking system in the Philippines".

Section 104(b) NIRC allows any excess input tax attributable to the purchase of capital goods or to zero-rated sales by a VAT-registered person may at his option be refunded or credited against other internal revenue taxes, subject to the provisions of Section 106.

Section 106(a) of the same Code provides that "(a)n exporter who is a VAT-registered person may within 2 years from the date of exportation, apply for the issuance of a tax credit certificate or refund of the input tax attributable to the goods exported, to the extent that such input tax has not been applied to output tax and upon presentation of proof that the foreign exchange proceeds has been accounted for in accordance with the regulations of the Central Bank of the Philippines".

For the period December 1, 1991 to February 29, 1992, petitioner has an export sales of P185,003,729.55. There being no output VAT on these (export) sales, the input taxes paid on domestic purchases of goods and services attributable to the zero-rated export sales in excess of the output VAT can either be refunded or credited as the case may be to any internal revenue taxes. No doubt that from the above-mentioned provisions of the NIRC and from the foregoing facts and circumstances surrounding

this case, petitioner is qualified to claim for the issuance of a Tax Credit Certificate with respect to the excess input VAT. Since its claim for tax credit has been partially granted by the respondent, petitioner is limiting its claim to the balance of P1,885,695.78.

To support its claim for tax credit on the remaining balance of P1,885,695.78, petitioner offered the following documentary evidence:

1. Certification/Report of Punongbayan & Araullo, dated March 30, 1994, describing the procedure conducted in verifying the correctness of the amounts claimed for tax credit (Exh. E);

2. Summary of suppliers' invoices and/or official receipts which do not indicate the suppliers' VAT registration number with the corresponding input taxes paid thereon in the sum of P73,487.46 (Exh. E-1);

3. Summary of suppliers' invoices and/or official receipts which are not on the files where the input taxes paid thereon amount to a total of P26,417.58 (Exh. E-2);

4. Summary of Input Taxes for the 4th Quarter of 1991 (December '91 to February '92), showing an input tax credit of P3,076,376.57 (Exh. C);

5. Photocopies of suppliers' sales invoices and/or official receipts for the period December 1, 1991 to February 29, 1992, to prove that the input taxes on its purchases are duly supported by invoices and official receipts (Exhs. A to A-3063, inclusive, found in 10 folders of petitioner's exhibits);

6. Summary of Export Sales for the period December 1, 1991 to February 29, 1992 (Exh. D); and

7. Photocopies of sales invoices and airway bills to prove that its zero-rated export sales are duly supported by invoices and airway bills, and bank credit memos to prove that the same were paid for in acceptable foreign currency inwardly remitted to the Philippines in accordance with existing Central Bank regulations (Exhs. B to B-560).

The only thing left for the Court to determine is the amount of input VAT tax credit to which petitioner is still entitled to receive. Thus, after careful examination of the documents offered in evidence by petitioner, the Court has arrived at a conclusion that petitioner is still entitled to be issued a Tax Credit Certificate in the amount of P955,197.08 (see itemized computation in Annex "A", which shall form part of the decision of this case). The following have been excluded in the computation of allowable refund of input taxes for the reason that these cannot be attributed directly to its zero-rated export sales, to wit:

1. Purchases of office supplies/furnitures; examples of which are notebook holders, ballpen, mini drawer, calculator, air conditioner, calling cards, memo pads, toner, daily planner, printing of BIR forms, meal tickets, camiseta rugs, emergency light, T-shirts, battery, film, I.D.'s, card holders, thermal paper, magazine boxes, binders, Intel magazines, Christmas cards, panel sign, diskettes, and such other purchases which do not form part of the product exported (Exhs.
